

ZOKU PAWLICY

At Zoku, we're thrilled to welcome your furry friends to our cozy Zoku Loft. To ensure a harmonious stay, we kindly request that you take note of our Pawlicy:

- **Zoku Sweet Zoku:** Pets are welcome to stay in the Zoku Loft and Zoku Loft XL.
- **Furry Guests:** We allow one pet per Loft, weighing a maximum of 20kg/44lbs. The pawfect size for cuddles!
- **Shots & Tails:** We want all our guests, furry or not, to stay healthy. Please provide us with a proper medical certification that confirms your pet's vaccinations are up to date. Just in case we need to see it, keep it handy.
- **Pet Parties:** We understand that you might need to run a quick errand or two. If you decide to leave your pet unattended in the Loft, make sure they are snugly secured in a cage or pet carrier. Safety first!
- **Pawsome Social Spaces:** Dogs are the true social butterflies, so they're allowed in our Social Spaces, except for the Living Kitchen. Remember, they must always be supervised, muzzle-ready, and leashed. Let's keep the tail-wagging fun going!
- **Rooftop Rendezvous:** Our rooftop garden is a pet paradise. However, we kindly ask that you take your pet's business elsewhere. If a little accident does happen, our dedicated Zoku staff won't be able to clean up after them. Woof!
- **Peaceful Pup Policy:** Barking and disruptive noises aren't on our guestlist. We strive to maintain a tranquil environment for everyone. If we receive noise complaints, we may kindly ask you to make alternative arrangements for your furry friend.
- **Tidy Tails:** To help cover the extra cleaning required at the end of your stay, a €15/115 DKK per day pet cleaning fee will be added to your folio.
- **Extended Stay Extravaganza:** For guests staying more than 7 nights or several weeks, a weekly pet cleaning fee of €95/715 DKK will be charged. And if you're settling in for a month or longer, a monthly fee of €250/1875 DKK will keep the good times rolling.
- **Scheduled Spaw Time:** For stays exceeding a week, we'll need a little extra time to pamper your Loft. Once a week, at a set day and time, we'll perform a deep clean. During this time, your pet can either enjoy a little vacation outside the Loft or relax in their cozy cage or carrier, provided by you. It's a win-win!
- **Responsible Pet Parenting:** Your pet's happiness is our priority, but we also want to keep our Lofts in tip-top shape. You'll be responsible for any damages caused by your furry friend. Before check-out, we'll give the Loft a thorough inspection. If any extensive cleaning or repairs are needed beyond our regular deep cleaning process, additional fees may apply.
- **Stay Reachable, Pawsitively:** We know you and your pet are inseparable, but just in case, please provide us with a contact number where you can be reached at all times. If any disruptions occur, we may give you a ring. In such cases, we kindly request you to return to Zoku immediately.
- **Emotional Support Animals:** We believe in supporting your emotional well-being. Emotional Support Animals are always welcome at Zoku. The same conditions and rules apply, because everyone deserves to feel at home.
- **Service Dogs:** We warmly welcome service dogs, who may provide exceptional companionship and support to you during your stay. As a gesture of our gratitude, there will be no charges for their stay. They are free to enjoy their time with us hassle-free.

I do hereby agree to the terms & conditions as provided by Zoku.
